

SELCO/SELS Report, January 2010 Quarterly Meeting

Thanks to Lynne, I was able to attend electronically on a snowy Tuesday evening; no thanks to Bob I was late as I did not realize that the number changes with each meeting.

Much standard business of listening to reports from various committees and staff. Continuing attention to the Legacy Funds with a special report from the group that is working on the digitization of local documents. As well as I can remember, there were no major decisions to report.

Respectfully submitted,

Bob Bruce  
Northfield Public Library Rep
