

2021 Reclamation and Overlay Project Update

October 01, 2021

Phase 1

TH 3 Frontage Road Area

Work on this phase is substantially complete. Crews may be working on minor punch-list work items until the project's final completion.

Phase 2

Baneberry Court, Primrose Court, Turnberry Court, Goldenrod Court, Goldenrod Circle, Clover Court, Crocus Court, Mayflower Court

This past week, crews finished installing the remaining new concrete curb and valley gutters. Crews then patched the base pavement and installed topsoil in restoration areas.

Final wear course paving of the roadway and paving of the trails is scheduled for Monday and Tuesday of next week, weather dependent. Following installation of the final pavement, crews will be on site to repair the remaining irrigation and dog fences prior to final restoration/installation of remaining sod.

During street paving operations, access will be allowed in either direction and may be driven on after rollers have completed their work. However, access will be limited where the paving operation is currently taking place. Please be aware and look for directions from workers if you approach the paving operation. We thank you for your patience as the contractor completes the last major operation of the project!

Phase 3

Mayflower Drive from Parmeadow Drive to Heywood Road, Parmeadow Drive from Heywood Road to Mayflower Drive, Creek Lane from Heywood Road to Mayflower Drive, Turnberry Lane from Mayflower Drive to Heywood Road, Service Road

This past week, crews finished installing the remaining new concrete curb and valley gutters. Crews then patched the base pavement and installed topsoil in restoration areas.

Final wear course paving of the roadway and paving of the trails is scheduled for Monday and Tuesday of next week, weather dependent.
