

For Immediate Release:

2018 Street Improvements Projects

The City of Northfield is beginning the planning and design for the 2018 Street Improvement Projects. The project includes the reconstruction of Division Street (from Sixth St. to Eighth St.) and Seven Street (from Water St. to Washington St.) and an overlay of Washington Street from (Woodley St. to Second St.) The City would like input from property owners and the community as the City begins planning for this improvement project. The City will be looking to incorporate Downtown Streetscaping and Complete Streets on this project. A project location map is attached to this press release, which illustrates the streets being considered for the 2018 Street Improvement Project.

Due to the broader impact to the Community on these improvements, a Community Meeting will be held to share information and gather input from the public on the project. The meeting time and location is below.

When: Wednesday, August 9, 2017

Time: 6:00 p.m. - 7:30 p.m.

Where: Northfield City Hall – Council Chambers, 801 Washington Street

The City would like to hear from you on what should be included in the improvement project. Please attend and share your thoughts. If you cannot attend, you can still participate in an online survey located at the following link:
