Re: Neighborhood Meeting
2018 Division and Seventh Street Reconstruction Project, Washington Street Mill and Overlay and City
Parking Lots Project

Dear Resident:

The City of Northfield is in the process of final design for the 2018 Division and Seventh Street Reconstruction, Washington Street Mill and Overlay, and City Parking Lots Project. As part of the public engagement process, the City of Northfield will be hosting a neighborhood meeting to discuss the final design of the construction project. This will be an open-house style format in which we are inviting residents, businesses, and tenants to learn more about the project. The elements for discussion will include, but are not limited to, potential tree removals, sidewalks, public and private utilities (i.e. cable and electrical), preliminary assessments, lighting, landscaping, the anticipated project schedule and project phasing.

The neighborhood meeting will be held:

Wednesday February 28, 2018
5:00 p.m. to 7:00 p.m.
Northfield City Council Chambers
801 Washington Street, Northfield, MN

Lastly—the City does not always know the addresses of rental properties within the proposed construction notification zone. If you own a building with rental units, please pass on this information to your tenants. Tenants, of course, are also impacted by construction activity.

Thank you for your patience and cooperation throughout this project. If you have any questions, please contact me at (507) 645-3049.

Sincerely,

A handwritten signature in blue ink that reads "SMS" followed by a horizontal line.
